**Subject: Confidentiality Request**  
**FCC ID: KOC-901773**

I would like to request confidentiality for the block diagram, schematic and operational description of our Bluetooth UART SPP Module, model ASY90177-3.

The reason is we want to protect our IP and investments in this new technology and therefore we don't want to make the schematic freely available to our competitors. Thank you for your understanding.

Best regards,

Lubos Honzik
