

APPENDIX B - CHANGE IN EMISSION DESIGNATOR TO 800KD1D FROM 1M0D1D

From Figure 5 B one can obviously tell that 100 percent of the bandwidth is contained within 700 Khz. Surcel Inc. herein requests that the emission designator for the 1024 Kb/s signal be changed from 1M0D1D to 800KD1D.

Respectfully Submitted,

Howard Epstein
