

Document No: PD- 4113 – 9058	Issue: -04	Date: 05 January 2006
-------------------------------------	------------	-----------------------

Document Title: **RMP60 functional block diagrams.**

Summary/Scope:
This document provides a block diagram as required by FCC regulations.
This document applies to both RMP60 and RMP60M.

Reason for Issue/Nature of change:
This document has been updated to describe the RMP60 using the Nordic nRF2401A radio modem. It will be supplied to the FCC as an exhibit for the type approval applications for KQG RMP60V2.
