

**FCC ID: KQL-AC4490**  
**Class II Permissive Change Justificaton**

This application is for a class II permissive change to the originally certified RF Transceiver module AC4490.

This application is to add antennas to the existing certification.

The additional antennas are:

- Comtelco Yagi - Y2283A-915-10RP / 6 dBd gain / SMA Reverse Polarity connector (pigtail)
- Nearson Omni-directional - SG101NT-915 / 5 dBi gain / N-Reverse Thread Jack (female)
