2 Owner Manual

The product with the product identification (FCC ID:KR5FBD5MY23 and IC:7812D-FBD5MY23) is factory installed inside transportation vehicles. Due to the fact that the device itself does not have any customer controls, the functional description of the entire system will be included in the individual owner's manual of the vehicle.

2.1 Owner Manual Canada

IC:7812D-FBD5MY23

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference**
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.**

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

L'appareil est installé dans le véhicule à une distance supérieure à 20 cm des passagers.

This equipment complies with the RSS-102 limits set forth for an uncontrolled environment.

Cet équipement est conforme a RSS-102 limites énoncées pour un environnement non contrôlé.

2.2 Owner Manual USA

FCC ID:KR5FBD5MY23

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: this equipment found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by of the following measures:

- Consult the vehicle dealer for help.**

This equipment complies with the FCC radiation exposure limits set forth for an uncontrolled environment.
