

Model HFM4C01 Antenna information:

LF Tx Antenna parameters

Rated operating frequency: 125 kHz
Operating Temperature range: - 40°C to 85°C
Antenna type: Winded wire coil (ferrite or air core)
Antenna Brand: Continental
Antenna Model: A2C 388 59 000 / A2C 531 19 236
Antenna gain: 1.76 dBi (all models)

RF Rx Antenna parameters

Antenna Model: HFM4C01_433M92
Rated operating frequency: 433.92 MHz
Operating Temperature range: - 40°C to 85°C
Antenna type: Printed circuit board antenna trace structure (electrical field antenna)
Antenna Brand: Continental
Antenna gain: max.: - 2 dBi
