SUBJECT: FCC Class II Permissive change for FCC ID: **KR5IK4CH-01**

To Whom It May Concern:

We, **Continental Automotive GmbH**, would like to request a Class II Permissive Change for the FCC ID: **KR5IK4CH-01**. It is to **add a plastic case** to the certified device which was originally granted on 07/14/2017 under FCC ID: **KR5IK4CH-01**.

The RF function remains the same with the original application (no change of module and antenna). The consultation to FCC is as the attached, it can be covered per FCC KDB #178919 section F and the conditions. Field strength is higher, apply to require C2PC.

Sincerely,

A handwritten signature in blue ink that reads "Dagmar Kolar". The signature is written in a cursive style.
