Attention: Mr. Sid Sanders

Subject: FCC Part 15 Certification Application for
Integrated Display Technology Limited
Model TE6997-SIC
FCC ID: KT5 TE6997SIC
Marstech Report No. 23007D

Gentlemen:

We are herewith submitting a certification application, in accordance with Section 2.933 (b) (1) to (5) [Change in identification of equipment] for Integrated Display Technology Limited for their Model TE6997-SIC.

Integrated Display Technology Limited would like to multiple-list their Model TE6997-SIC (FCC ID: KT5 TE6997SIC) with ATLINKS USA, Inc: Model 26997XXX-A (FCC ID: G9H2-6930C) which is identical to original Model 26930XXX-C under FCC ID: G9H2-6930C for which FCC grant was received on September 12, 2000, except for addition of remote caller ID unit, different pcb layout change and addition of voice circuits. Please note that a Declaration of Continuing Compliance for Part 15 Class "I" Permissive Change was issued to cover the additional Model 26997XXX-A.

IDT's Model TE56997-SIC and ATLINKS Model 26997XXX-A are identical except for model designation, grantee, cosmetics and packaging which does not affect the Part 15 technical requirements and the original testing. Therefore, no additional testing was considered necessary.

Documents required for this submission are enclosed for your reference.

Please review this project at your earliest convenience and please do not hesitate to call us should any problem arise.

Yours very truly,

MARSTECH LIMITED
