The following items are included in this package:

- One of MM-318 Remote
- Lithium Battery CR-2032 (Installed)
- Mounting accessories
- User's Instructions

Follow one or more instructions below to program transmitter MM-318 to the Skylink® receiver or Skylink® garage door opener you want to control.

2. PROGRAMMING

2a. PROGRAMMING A REMOTE TRANSMITTER TO THE SKYLINK® GARAGE DOOR OPENER – ATOMS™ SERIES

<p>1. Connect the opener to an approved power source. The dot in the LED display stays on.</p>	
<p>2. Press the [Set] button for one second, and release the button until the LED Display shows the letter "P".</p>	<p>Learn wireless control</p>
<p>3. Within 30 seconds, press any button on the remote that you would like to program to the opener.</p> <p>Note:</p> <p>[■] = Button 1, [■ ■] = Button 2, [■ ■ ■] = Button 3</p>	
<p>4. Once the button on the remote is programmed. The LED segment will off and emits one beep indicating the programming successfully</p>	

2b. PROGRAMMING A REMOTE TRANSMITTER TO THE SKYLINK® RECEIVER – GB-318

Refer to the receiver Smart Button™ GB-318 user's instruction to set up the unit.

1. Press the learn button on the side of the Smart Button™ GB-318.
2. Once the learn button is pressed, the LED will flash quickly. Release the learn button.
3. Within 30 seconds, press any one of the 3 buttons on the transmitter that you want to program to the receiver.
4. Once the remote control is programmed, the LED will flash slowly, in the same way as it flashes in standby mode.
5. You may now operate the garage door opener with this new remote control.
6. To program this transmitter to control another receiver, repeat process (1) to (4) to program another button on the remote transmitter.

3. OPERATION

Press the programmed button to open/close the garage door or receiver.

4. BATTERY REPLACEMENT

The remote come with a 3 Volt lithium battery (CR 2032) installed. It is time to change the battery when the red LED on the transmitter does not turn on when either button is pressed.

To replace the battery:

1. Undo the screw on the back of the remote.
2. Pry out the back cover from the remote
3. Take out the old battery.
4. Place the new battery in position. Be sure the polarity is correct.
5. Close the back cover with the screw.

A Battery Disposal - *Dispose used battery according to local regulation.*
