Administration**

AUG 28 2008

Mr. Andy Leimer
Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

Dear Mr. Leimer:

We have received the Rohde & Schwarz letter for the Federal Communications Commission (FCC) certification application of the transceiver, Model XU4200, FCC ID KVVW61447400, dated May 19, 2008, and have completed the subject review. We have no objection to the FCC certification of this very high frequency ground transceiver, which operates in the aviation protected band of 118.0 MHz to 136.975 MHz, providing 8.33 MHz will not be exercised within the United States national airspace

If you require any additional information, please contact Ms. Annette Allender, Spectrum Planning and International Office, at (202) 267-3893.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Frazier", written over a horizontal line.

Robert A. Frazier
Manager, Spectrum Planning and
International Office
