EQUIPMENT LABEL

The FCC equipment label shall be affixed to the bottom of the case.  
(Shown as Actual Size)

Note: Since the device is small, it was not practical to place the complete compliance statement as specified in Section 95.1017(a) on the equipment label. Instead, the required information was included in the user manual in the format shown below:

ML/MV Transmitter  
FCC ID: KWC004T  
This device may not interfere with TV reception or federal government radar, and must accept any interference received, including interference that may cause undesired operation.
