**Re : FCC ID KWCTELCOM; Designation of emission according to
FCC 2.201 and FCC 2.202**

Dear Sirs,

Please take note of the following designation of emission:

24K0F3E

24K0 = 2M + 2D = necessary bandwidth

M = Maximum modulation frequency in hertz = 7 kHz

D = Peak frequency deviation = 5 kHz

F = Frequency modulation

3 = A single channel containing analogue information

E = Telephony (including sound broadcasting)

Kind regards,

Frank Riedo

Development Manager
Phonak Communication Systems
