Smart Sense Product Marking

Model Number Identification

1) Print model number on side of transmitter enclosure
2) Use Size 14 font
3) Printed Information
   a. Transmitters are labeled with an ink-jet printer, with 2 lines of information centered on side of transmitter enclosure.
   b. The first line begins with the ID number (#xxx) followed by the Expiration month/year (EXP: xx/xx). The expiration is one year from the date of shipping.
   c. The second line contains the model number.
