Subject: Request for Temporary Confidentiality

To Whom It May Concern,

Pursuant to 47 CFR 0.457(d) of the FCC Rules please grant temporary confidentiality for the external and internal photographs, the test configuration photographs, and the user's manual for Delphi Telematics Device model SV40001-U1B1 as this information is considered vital to maintain our competitive advantage in this market.

We do not anticipate marketing this device until October 2011 so we request the maximum allowed duration of 180 days from the date the grant is issued for the confidentiality to remain effective. If the release date occurs before the 180 days expire we will inform you and ask that the temporary confidentiality be revoked.

Sincerely,

A handwritten signature in cursive script that reads "Douglas M. Hansen".

Name: Douglas M. Hansen
Title: Telematics Engineer
