Subject: Confidentiality Request regarding application for certification of

[FCC ID: L2C0064TR](#)

In accordance with Sections 0.457 and 0.459 of the Commission's Rules, *Delphi Electronics & Safety* hereby requests long-term confidential treatment of information accompanying this application as outlined below:

- Block Diagram
- Schematics
- Internal Photos
- Part List/Tune up procedure
- Security Information

The Delphi V2X contains a hardware high security module that is covered under NDA between Delphi and the IC supplier. Delphi's customer, GM, had originally requested that all IC markings be removed, but at least unknown to the user. This device is mounted in a vehicle in a hard to reach location, difficult to access except by automotive professionals. This device is also closed with tamper evident tape to dissuade opening the box.

As well as short-term confidential treatment of information accompanying this application as outlined below:

- User's Manual
- External Photos
- Test Set-up Photos

The above materials contain proprietary and confidential information not customarily released to the public. The public disclosure of these materials provides unjustified benefits to its competitors in the market.

Sincerely,

Brian W. Johnson
