Applicant's declaration concerning RF Radiation Exposure

We hereby indicate that the product CT-DECT-H24 is considered to be a portable device which housing (the ear cushion) operate in contact with the user's body.

Because of the construction of this headset the internal transmitter and its antenna is located in a such a way, that a seperation distance from the user's body is maintained in compliance with the FCC's RF Exposure Guidelines.

This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

A safety statement will be integrated in the user's manual to provide end-users with transmitter operating instructions for satisfying RF exposure compliance.
