**Applicant's declaration concerning RF Radiation Exposure**

We hereby indicate that the product  
CT-DECT-M24  
is considered to be a portable transceiver.

The output power is maximum +21 dBm.

This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

A safety statement will be integrated in the user's manual to provide end-users with transmitter operating instructions for satisfying RF exposure compliance.

The appropriate information can be drawn from the test report "SAR measurement for DECT Module" dated 06/21/01 and the accompanying calculations.
