Dear Sir,

Submitted herewith, on behalf of our customer is an amendment to the subject application, provided in response to your request for technical information:

Q1. Please provide an RF Exposure Statement as required in Part 15.247(b)(4) of the FCC Rules.

Answer:

Please find attached applicant's declaration concerning RF Exposure.
The statement is also integrated in the user's manual (please see page 4 in user's manual) to provide end-users with appropriate instructions. The new edition of user's manual is also attached.

Q2. Provide a description of the antenna and the location of it in the device.

Answer:

The transmitter module inside the device uses two internal antennas. The diversity functionality is implemented via the selection switch (please see also Operational Description).
Please find attached a description of the antenna and also a drawing for description of the location in the device.

...

Q3. Provide internal photo of the RF module with all shielding removed in order to show component placement.

Answer:

Please find attached internal photos of the RF module with all shielding removed.

We hope this information is sufficient to issue the grant. If you have further questions please do not hesitate to contact us.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Baschin', with a long horizontal stroke extending to the right.
