Subject: Class II Permissive Change re Research In Motion Limited, BlackBerry Wireless  
Handheld Model RAL10IN, FCC ID L6ARAL10IN

Research In Motion Limited (RIM) herein is submitting a Class 2 Permissive Change application for its BlackBerry Wireless Handheld Model RAL10IN.

The reason for this application is because we added alternate holsters for our product Model RAL10IN which is already FCC approved. SAR was re-measured with these new holsters and the results are well within the FCC SAR limits as demonstrated in the enclosed SAR test report.

Please do not hesitate to contact the undersigned should you require additional information or have any questions.

Yours truly,

A handwritten signature in black ink, appearing to read 'M. Attayi', is positioned below the 'Yours truly,' text. The signature is fluid and cursive.
