To FCC

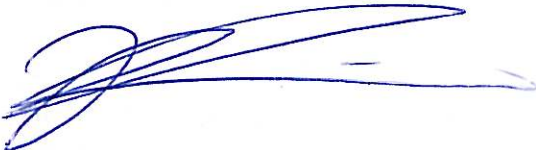

RIM RCC51UW
FCC id: L6ARCC50UW

I would like to request a Supersede of one test report.

The reason for the Supersede is that the previous version of this report which was uploaded had an incorrect FCC ID on Page 6 (due to a typographical error) and on Page 9 an indication that a test was not performed for conducted emissions, whilst it was performed. Therefore the report has subsequently been updated.

The report which has now been uploaded (4-3155-1-2_08_b) is only requested to supersede Test Report (4-3155-1-2_08) which was submitted within the DSS Grant. No supersede/change is required for any test report within the composite applications.

Yours sincerely
