

### Appendix 3 FCC Label

**FCC ID: L73EDFCDRI**

If the EUT is too small, the FCC statement could be presented in the user manual. The following is one sample of the statement:

*“This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation”*

The Label shall be securely affixed to a permanent part of the device in a location where it is visible or easily accessible to the user, and shall not be readily detachable. The label shall be sufficiently durable to remain fully legible and intact on the device in all normal conditions of use throughout the device’s expected lifetime.

**Proposed FCC Mark Location**
