Building B, No.353, QingFeng Road, SanZhong Village, QingXi Town, DongGuan City, GuangDong Province.</p> <p>Use this product in an environment with a temperature between 0°C and 45°C; otherwise, it may become damaged.</p> <p>KOSS Corporation<br/>Model: KOSS TWS250i<br/>Hereby declares that Bluetooth Headset, Model: KOSS TWS250i is in compliance with the essential requirements and other relevant provisions of directive 2014/53/EU.</p> <p>KOSS Corporation<br/>Model: KOSS TWS250i<br/>Bluetooth Version: V5.0<br/>DC input: 5V=280mA<br/>Case Battery Capacity: 300mAh 1.11Wh<br/>Combined Earbud Battery Capacity: 100mAh 0.37Wh<br/>Made in China</p> | <h3>WARNING</h3> <p>Using earbuds at high volumes for extended periods of time may result in permanent hearing damage. It is advised you keep volume levels moderate to low at all times for your safety.</p> <p>Do not use while driving a car, cycling, operating machinery, or performing other activities that require hearing surrounding sounds. Earbuds may not work properly under high temperature or high humidity conditions.</p> <p>Do not use any corrosive cleaner/oil to clean the earbuds.</p> <p>If the earbuds come in contact with liquids, quickly wipe away. If submerged in water, do not turn the earbuds on until completely dried. Liquid submersion voids the warranty.</p> <p>Keep the earbuds and packaging out of reach of children.</p> <p><b>⚠️ Battery warning!</b></p> <ul style="list-style-type: none"> <li>Do not disassemble, strike, crush or put the battery into fire.</li> <li>Do not expose the battery to conductive materials, liquids, fire, or high temperatures.</li> <li>Do not allow metal objects to touch the two poles of the battery.</li> <li>Do not continue to use the battery if it has bulges, leaks, discoloration, odors.</li> <li>Do not use the battery after it has been submerged in water.</li> <li>If the battery is used improperly, it may explode or leak, causing burns and other personal injuries.</li> <li>If the battery leaks, it should be carefully disposed of according to the local laws and regulations concerning battery disposal.</li> </ul> <p>The Directive on Waste Electrical and Electronic Equipment (WEEE), which entered into force as European law on 14/02/2014, resulted in a major change in the treatment of electrical equipment at end-of-life. The purpose of the Directive is, as a first priority, the prevention of WEEE, and in addition, to promote the reuse, recycling and other forms of recovery of such wastes so as to reduce disposal. The WEEE logo on the product or on its box indicates collection for electrical and electronic equipment consist of the crossed-out wheeled bin, as shown below.</p>  | <h3>FCC STATEMENT</h3> <p>This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.</p> <p>Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p>NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.</p> <p>However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> <li>Reorient or relocate the receiving antenna.</li> <li>Increase the separation between the equipment and the receiver.</li> <li>Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</li> <li>Consult the dealer or an experienced radio/TV technician for help.</li> </ul> <p>The provided shielded USB cable must be used with this unit to ensure compliance with the class B FCC limits.</p> <p><b>RF Exposure Statement</b></p> <p>This transmitter must not be co-located or operated in conjunction with other transmitters or transmitters used in other systems. This device complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines. This equipment has very low levels of RF energy that is deemed to comply without testing of specific absorption rate (SAR).</p> | <h3>IC WARNING</h3> <p><b>IC Regulations:</b><br/>This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:<br/>1) This device may not cause interference.<br/>2) This device must accept any interference, including interference that may cause undesired operation of the device.</p> <p>This Class B digital apparatus complies with Canadian ICES-003.</p> <p>L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:<br/>1) L'appareil ne doit pas produire de brouillage;<br/>2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.</p> <p>Cet appareil numérique de la classe B est conforme à la norme ICES-003 du Canada.</p> |
