

**The following Type Approval numbers are expected for Gigaset 8800 and Gigaset 8825:**

USA:	FCC ID: L82-1408 (FCC Part 15)	/ Type approval No. of Gigaset 4xxx
Cert. No:	BI1MUL-43113-WI-E (FCC Part 68)	/ Type approval No. of Gigaset 4xxx
Canada:	Cert. No.: 267104356A (RSS-210)	/ Type approval No. of Gigaset 4xxx
	Cert. No.: 2679493 (CS-03))	/ Type approval No. of Gigaset 2420

**Differences between the parts:**

Different radio modules between Fixed Parts and Portable Parts.

Portable Parts:

<b>Joe (GIGASET 4000) already approved</b>	<b>Sherlock (GIGASET 4200) already approved</b>	<b>Gigaset 8800 under submission</b>
Printed antenna	SMD-Antenna	SMD-Antenna. Similar to Gigaset 4200
4- Layer PCB	2- Layer PCB	Layout of Gigaset 4200 with modifications for supplementary head set jack
Basebandchip Infineon	Basebandchip national semiconductors	Basebandchip national semiconductors. Similar to Gigaset 4200
---	Free speaking	Free speaking. Similar to Gigaset 4200
Tone call with dynamic changer	Tone call with speaker	Tone call with speaker. Similar to Gigaset 4200
Display with Follies connector	Display module with integrated Controller	Display module with integrated Controller. Similar to Gigaset 4200
SMT housing	KMT housing	Housing of Gigaset 4200 with modifications for headset, keypad, and MWI
Headset connector	---	Headset connector
Same radio - module		

Fixed Parts:

Joe (GIGASET 4010) already approved	Joe AM (GIGASET 4015) already approved	Sherlock VD (GIGASET 4210) already approved	Sherlock AM (GIGASET 4215) already approved	Gigaset 8825 under submission
LP 0	LP 1	LP 1	LP 1	LP 2
Same radio - modules				Radio module of Gigaset 4010/4015/4210/4215 ( allready approved ) but new antenna
Basebandchip Infineon	Basebandchip Philips	Basebandchip Philips	Basebandchip Philips	PMB 4729 of Gigaset 2420 (already approved )
---	Free listening	---	---	Free listening
SW 0	Same software EE-switch shows the differences			Added Software on Gigaset 2420 ( already approved )
Same housing				New housing
---	---	Voice Dialing	Voice Dialing	---
---	---	---	---	Supplementary corded handset
---	Answering machine	---	Answering machine	Answering machine. Similar to Gigaset 2420 ( already approved ).

Memory of Joe Am and the Sherlock-Version are different, but have the same PCB Layout.

Charger: **Siemens 4G charger**
