

INTERTEK TESTING SERVICES

Purpose of Application

The model GH5850(XXXXX) is the altering original certified model of GH5811(XXXXX) that Telephone Answering Device feature is added; therefore, the purpose of this application is to report changes in the original certified product for production reason. The main modification is adding answering machine keyboard and LED PCB on the base unit. The base unit main board and its cosmetics are also changed due to the additional feature. The RF modules of base unit and handset are remained the same, and they share with the same handset.

As the RF module and the FHSS mechanism of the base unit remained unchanged and they have the same handset, only the out of band emissions result of the base unit was included in this report.
