To Whom It May Concern:

In accordance with §0.459 and §0.457 of CFR 47, Endress+Hauser requests confidentiality for the following items

1. Block Diagrams (Exhibit 4)
2. Schematic Diagrams (Exhibit 5)
3. Part Lists (Exhibit 10)
4. Operational/Technical Description (Exhibit12).

These items contain detailed system and equipment description, trade secrets and related information about the product which Endress+Hauser considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, Endress+Hauser also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.
