Maulburg, 8 November 2010

Dear Sir or Madam,

referring to your letter dated October 28, 2010 we would like to give you the following information:

1. Technical explanation

We discussed the technical background in detail with our test laboratory TUEV Sued-Senton and with the respective TCB Phoenix. Due to the fact that both are much more familiar with this complex matter, we would like to refer to the technical explanation that Phoenix already has sent to you.

2. Sold figures

Because only a very small share of our Radar Level Gauges is related to the respective grant FCC ID No. LCGFMR09, there are sold less than approximately 50 devices which are not installed so far.

If you have any questions please do not hesitate to contact us.

Kind regards

Endress+Hauser GmbH+Co. KG

ppa. Dr. Andreas Mayr
Director Technology
