**RE: Authorization to use Cisco's FCC Grantee number**

Dear David:

This letter will serve as Cisco's authorization to use Cisco's FCC ID (Grantee Code) "LDK" for the application of Equipment Authorization under FCC Part-15 rule (Form 731) for products to be sold under Cisco's brand. FCC allows up to 14 characters for Equipment Product Code. Cisco's preferred format is the same as Cisco's product ID code. For example:

Cisco Product ID:	Cisco1003
FCC #:	LDK 1003

There is no grantee number for FCC Part-68 and individual Equipment Registration must be made by submitting application (Form 484) to FCC directly.

Best regards,
