Subject: Request for Confidentiality

FCC ID: LDK102072 / LDK102073

To Whom It May Concern:

Pursuant to sections 0.407(d)(1)(ii) and 0.459 of the Commission's rules, this letter requests confidential treatment of following material filed in support of the above-referenced application. Cisco requests the following documents be held as confidential until such time as the product is released per FCC Public Notice 04-1705

- Set Up Photos
- Product Exterior Photos
- Product Internal Photos
- User Manual
- Product literature or description

The information contained in these documents presents information about a Cisco product that is being certified for commercial development. If competitors were to have access to these documents both before release, they would have knowledge of Cisco's proprietary technology and would be able to use this advance knowledge to their advantage. This could result in substantial competitive harm to Cisco's ability to bring future product to market, should that decision be made.

1. Identification of any measures taken by the submitting party to prevent unauthorized disclosure.
  - Information about Cisco's products currently under development is considered by the company to be commercially sensitive information that employees are not permitted to discuss outside the company.
2. Identification of whether the information is available to the public and the extent of any previous disclosure of information to third parties.
  - Information about product development is not routinely provided to the public, and is not available on Cisco's web site. No information about this product has been disclosed.
3. Justification of the period during which the submitting party asserts that material should not be available for public disclosure.

- We further authorize the release of the above information after the official product launch scheduled for April 1, 2010 (or a period not to exceed 6 months whichever comes first).

This request is in addition to our request to withhold specific Cisco technology confidential for the life of the product per applicable regulations.
