Carling Ave., Building 94 Ottawa,  
Ontario K2H 8S2 Canada

Dear Sir/Madam,

We, Cisco Systems, Inc., hereby authorize Bay Area Compliance Lab Corp to act as a laboratory for testing and test report generation for the following project:

Product: Cisco Catalyst 9130AX Series Wi-Fi 6 Access Points  
Model:  
C9130AXI-B (USA), FCC ID: LDKCNWLI2637  
C9130AXI-A (Canada), IC: 2461N-CNWLI2637

The EUT is an updated version based on previous certified device approved in 2019 with FCC ID: LDKAX5122118 and IC: 2461N-AX5122118. The change between the current device and previous device is as following:

1. Original BLE chipset was replaced to Silabs BLE chipset

Since 2.4 GHz Wi-Fi, 5 GHz Wi-Fi and Chillwave circuitry remain unchanged, spot checking will be verified and partial test data will be referred to original device.

We will take full responsibility that the test data as referenced represents compliance for the new FCC ID and IC ID.

Sincerely,

A handwritten signature in black ink, appearing to read "Samuel Kim".
