Re: FCC ID: LDKDX6500736

Applicant: Cisco Systems Inc

Re: KDB 594280

Our phones have a framework based on certificates that prevent any images that are not explicitly signed by Cisco from being executed. The ability of creating a signed image is not provided to any third party and it is restricted to Cisco development, and therefore end users have no ability to change the code in our radios.

We comply with KDB 594280 Guidelines.

Best Regards,

Phillip Carranco
EMC Compliance Engineer
