Authorization and Evaluation Division

7435 Oakland Mills Road

Columbia, MD 21046

To Whom It May Concern:

We, Bay Area Compliance Laboratories Corp., hereby requests a modification for FCC ID: LDKMU6CR2417 granted on April 13, 2023, from Permissive II Change application to Permissive III Change as follows:

Product Description: Indoor Wi-Fi Access Point System  
Model Name: C9136I-B  
Equipment Class: NII

The FCC ID: LDKMU6CR2417 original certification is under a Software-Defined Radio (SDR) category. Subsequently, a software activation to enable Zero-Wave DFS service was submitted and approved under Permissive II Change on April 13, 2023.

Per CFR 2.1043 (b)(3), requests the FCC to approve enable Zero-Wave DFS Application under Permissive III Change to establish the device's original radio category service development and sustaining lifecycle as Software-Defined Radio permitted changes as stipulated under [KDB 442812 D01 SRD Apps Guide v02r03](#) of the Permissive Change Policy. Due to any Class II change will prevent the grantee from making future Class III changes, we requested to apply this modification for this application.

All modification of the device all based on software change and only can be controlled by Cisco Systems Inc.

Sincerely Yours,
