Sir/Madam,

This is an application for FCC approval of the Interstim PTM3 (Model 3537) with a Bluetooth transceiver for original certification.

Test data and applicable documents required for certification are included in the accompanying documentation. The test data provided shows the PTM3 meets FCC Part 15.247, 15.209, and 2.1093 requirements. Medtronic, Inc therefore requests FCC certification for the PTM3.

Sincerely,

Anne Coldwell
Director, Quality and Reliability
