FCC Confidentiality Request Letter

Applicant	Medtronic, Inc.
Model Name	P7850N
FCC ID	LF5P7850N

Pursuant to the provisions of Section 0.457 and 0.459 of the commission's rules (47 CFR 0.457, 0.459), we are requesting the Commission to withhold the following attachments as confidential document from public disclosure indefinitely.

- Block Diagram
- Schematics
- Technical Operation Description
- Internal Photos (implantable device)

The above-mentioned documents contain detailed system and equipment description that are considered propriety information in operation of the equipment. The public disclosure of the above documents might be harmful to our company and would give competitors an unfair advantage in the market. Circuit board and internal components of the P7850N are enclosed in a welded titanium enclosure and implanted in a human body (KDB 726920 3a1). Device model P7850N is implanted into the human body therefore not accessible to the public and can only be access by a health care professional (KDB 726920 3a2). Internal picture is controlled by Medtronic for distribution and mark confidential. NDA template is provided per KDB 72692 if required.

In addition to the above mentioned documents, pursuant to Public Notice DA 04-1705 of the Commission's policy, in order to comply with marketing regulations in 47 CFR §2.803 ad the importation rules in 47 CFR §2.1204 while ensuring that business sensitive information remains confidential until the actual marketing of newly authorized devices. We request that the Commission to grant Short-Term Confidentiality on the following attachments for 180 days after the grant as outlined in Public Notice DA 04-1705.
