Subject: FCC ID: LGYBT261203

Mr. Fujimoto:

In order for processing of this certification application (FCC ID: LGYBT261203) to continue, the following issue(s) will have to be addressed:

- 1) The device must be labeled with the two-condition statement contained in section 15.19(a)(3) of the FCC rules.
- 2) The sample label contains verbiage which applies for a modular approval, as it states that the device “contains FCC ID: LGYBT261203”. Since this is not a modular approval, the FCC ID should not be pre-empted by “contains”. Please submit a new sample label.
- 3) Please indicate compliance with the voltage variation requirements contained in section 15.31(e) of the FCC rules.
- 4) On the block diagram, the frequency must be indicated at each block, as per 2.1033(b)(5) of the FCC rules.
- 5) Since this device is a personal computer peripheral, please provide the Declaration of Conformity.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is LGYBT261203-1.

Best regards,

Scott McCutchan
