Organization: Motorola  
Product: 315 MHz Transmitter  
FCC ID: LHJ009

Dear Sir or Madam:

We are submitting this product as a class II permissive change, in accordance FCC rules. The device is currently approved under FCC 15.231. Radiometrics is an authorized agent for Motorola. If there are any questions about the testing or this submittal, please contact me, Joseph Strzelecki. My email is [joe@radiomet.com](mailto:joe@radiomet.com) and phone number is 815-293-0772.

#### **Description of Permissive Change**

The only change in the product is one transistor (Q10A) has changed part numbers. The old transistor part number is MMBR5179LT1 and the new transistor part number is MMBTH10LT1. The reason for the change is that the original transistor is being discontinued.

The original part number for the transmitter is 90584373; The new part number is 22692190.

Do not hesitate to contact me with any questions.

Sincerely,

A handwritten signature in black ink that reads "Joseph Strzelecki". The signature is written in a cursive style.

Joseph Strzelecki, NCE
