Re: FCC ID: LHL-215-1960

To Whom It May Concern:

The following application is submitted on behalf of our client, MaxVision, LLC, for evaluation of FCC ID: LHL-215-1960 under a class II permissive change.

The purpose of this application is to an additional antenna / specific host to single modular approved FCC ID: LHL-215-1960.

For this application, FCC ID: LHL-215-1960 was evaluated as integrated in the MaxVision, LLC BPAC mobile computer host. This host device utilizes a permanently attached integral antenna which cannot be removed; therefore the single modular approved FCC ID: LHL-215-1960 could not be evaluated stand alone.

This Class II Permissive Change application is limited to the specific host device documented in this filing.

Sincerely,
