Attention: Kare Oksanen

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that except for the diagram in section 2.1 the WLAN test report (831_Exhibit06c_WLAN_Test_Report.pdf) does not clearly state if the power out is conducted or radiated data. Please clearly state if the power measurements in the test report are conducted power measurements.
