Hello Tom,

Review of this application is complete. The application is complete except for one issue. Please provide a response to the following item.

Q1 The original application specified an antenna gain of 14.5 dBi. This C2PC application specifies a 24 dBi antenna.

Please (1) revise the C2PC letter to add the higher gain antenna and (2) provide a revised MPE evaluation exhibit with the higher gain antenna.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Tim Dwyer

Hi Tim,

Attached please find the revised cover letter and the revised MPE calculation to account for the 24 dBi antenna.

thanks and best regards

Tom
