Applicant: Alvarion Ltd.
Re: Part 15 Class 2 Permissive Change Certification Application
FCC ID: LKT-VL-53
Original Grant Date:

To whom it may concern,

A class 2 permissive change is requested for the referenced U-NII device. The following change has been implemented:

Addition of DFS capability.

The EUT can perform as a slave (subscriber unit) only. No hardware changes are necessary to implement DFS, only software changes.

This product does not have radar detection function.

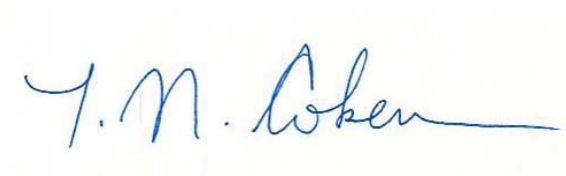

This product does not have ad hoc networking capability.

The class 2 permissive change application for the master unit tested with this slave unit has been submitted to FCC for certification.

The FCC ID of the master unit is LKT-VL-53C.

If you have questions or need further information, please contact the undersigned.

Sincerely,

THOMAS N. COKENIAS
EMC Consultant/Agent for Alvarion Ltd.
