Re: Application for Certification of a U-NII Transceiver
Professional Installation Requirement

Applicant: Alvarion Ltd.
FCC ID: LKT-VL-53

To whom it may concern,

Alvarion Ltd. is aware of the professional installation requirement in section 15.203 of the Rules for the referenced equipment. The user manual will prominently state that this product must be professionally installed by persons trained in the installation and configuration of wireless networks. Furthermore, installation instructions will state the minimum distance at which antennas must be kept from all persons, in order to meet RF exposure limits called out in the Rules.

A copy of the draft user manual is being submitted with the application for certification of the referenced equipment and will contain the required instructions and FCC warning statements.

If you have questions or need further information, please contact the undersigned.

Sincerely,

THOMAS N COKENIAS
Agent for Alvarion Ltd.
