To: Mr. William H. Graff, NARTE Certified
Vice President of Engineering
AmericanTCB, Inc.
6731 Whittier Avenue
McLean, VA 22101
RE: Breezecom
FCC ID: LKTEAP-11AMP

October 4, 2000

Dear Graff,

In response to your letter dated 10-4-00 the following are answers to your questions.

1. Corrected and uploaded as new1_new1_Confidential_letter.pdf
2. Corrected and uploaded as new1_2000283_Breezecom_External_Pictures.pdf and new1_2000283_Breezecom_Internal_Pictures.pdf.
3. Corrected and uploaded as new1_200238_breezecom_label.pdf
4. Corrected and uploaded as new1_Measurement_Photos.PDF
5. Corrected and uploaded as new1_2000283_Breezecom_RF_Exposure.pdf
6. We will adhere to this new naming convention in the future.
7. The EUT will be sold as a separate system only. The transceiver unit was originally certified under FCC ID: LKTE AP-10N
8. Corrected and uploaded as new1_2000283_Breezecom_Report.pdf. The 30' and radio power text were a left-over text from the boiler plate report used to prepare this application.
9. The 24 dBi gain antenna is not support using the 500 mW (26.5 dBm) AMP. There are no failing data. See report and manual.
10. The Transceiver unit will contain the FCC ID label. Model numbers will be affixed to the Amplifier and DC power injector.
11. Corrected and uploaded as new1_2000283_Breezecom_Product_Description.pdf. See functional description file.
12. Corrected and uploaded as new1_Manual1_BRZN11.pdf

If you need any further information please call.

Desmond A. Fraser

President
