

LLB09002G

The image shows a grey, cylindrical component, likely a part of a mechanical assembly. The component has a smooth, slightly tapered upper section and a more complex, flanged base. A white label with the alphanumeric code 'LLB09002G' is affixed to the side of the cylinder. The base of the component features several small protrusions and a central opening. A black cable or rod is visible extending from the bottom of the component. The background is a plain, light-colored surface.
