RE : Application for obtaining a transmitter approval
Attached Application Form 731
FCC ID: LLB09010C

Dear Sir or Madam:

Aclara RF Systems Formally Hexagram Inc. wishes to obtain approval for a telemetry transceiver with the FCC ID LLB09010C.

The LLB09010C transceiver is used to transmit data from a utility meter to a data collection unit. The LLB09010C Transceiver device is the 2-way communication device, which includes a Transmitter and a Receiver.

Complete information about LLB09010C device is documented in the attached application documentation including schematics and photographs. The LLB09010C transmitter was tested for conformance to the technical requirements of 90.201 Subpart I-General Technical Standards. Results of tests are attached to this application.

The LLB09010C was found to comply with all technical requirements of 90.201.

Sincerely,

Siva Jambulingam
Principal Engineer
