RE : Application for obtaining a transmitter approval  
Attached Application Form 731  
**FCC ID: LLB5373A**

Dear Sir or Madam:

Hexagram Inc. wishes to obtain an approval for telemetry Data Collection Unit (DCU) with the FCC ID **LLB5373A**.

The DCU consists of a radio receiver and computer circuitry. DCU has function of collecting data from wireless communication with surrounded Hexagram transmitters.

Complete information about **LLB5373A** device is documented in the attached circuit schematics and photographs.

The **LLB5373A** DCU was tested for conformance to the technical requirements of 15.101 Technical Standards. Results of tests are attached to this application. The **LLB5373A** was found to be in conformance with all technical requirements of 15.101.

Sincerely,

Lazar Feldman
