

Response: The device operates on channels 1-11 (2412-2462MHz) in US. The frequency range on the grant was a typographical error.

The grant has been corrected.

Subject: Info Request

The certification grant shows operation in the restricted band of 2483.5 - 2484 MHz. Please verify that this device may not operate in the restricted band, and correct/reissue the grant.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal pursuant to Section 2.917(c).

DO NOT Reply to this email by using the Reply button. In order for your response to be processed expeditiously, you must upload your response via the Internet at www.fcc.gov, E-Filing, OET TCB Electronic Filing, TCB Login. If the response is submitted through Add Attachments, a message which informs the processing staff that a new exhibit has been submitted must also be submitted via Submit Correspondence. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
