**To Whom It May Concern**

Subject: **Class II Permissive Change Request**

**Applicant: Futurecom Systems Group, ULC**  
**Product: DVR Digital Vehicular Repeater**  
**Model: DVR-LX UHF**  
**FCC ID: LO6-DVRSUHF**

Dear Sir/Madam,

I hereby appoint UltraTech Engineering Labs Inc. (UltraTech) to act as my agent in preparation of this application to FCC for a Class II Permissive Change under FCC Rules. This change is one of many that were approved by the FCC and/or TIMCO and/or UltraTech.

Futurecom is making small changes to the DVR-LX UHF enclosure:

1. The enclosure outside features are changing. There are no changes on the enclosure inside, only the outside appearance on the ends is changing.
2. The TNC RF connectors are changing to a different part number.
3. Two strips of finger stock are added to better electrically connect the internal partition to the enclosure.
4. The front and rear covers are 4mm larger and 2 screws are added to mount the covers to the enclosure.

All hardware for this system complies with the requirements of 90.247 and it is the responsibility of the Licensee to comply with the operational requirements of this section.

I also certify that the information provided, properly described the device or system for which Class II Permissive Change is required.

Sincerely,

A handwritten signature in black ink, appearing to read 'T. Bombera'.

Tony Bombera, P.Eng.
