

CREATOR OF THE SLEEP NUMBER® BED

February 3, 2016

Dear Application Examiner:

Select Comfort Corporation is submitting this application for certification of their SIQ air pump. FCC ID: LPM-7000B. It uses a Bluetooth radio and Zigbee radio that is controlled by a remote control and or a smart device app. The pump also contains a WiFi radio module that has been previously approved under FCC ID: Z64-WL1835MOD. The SIQ air pump is a 120VAC device that sets air chambers to a desired pressure and monitors movement and bio metrics through pressure sensors.

The Bluetooth and Zigbee radio each utilize a single integral PCB etch antenna.

The technical reports and exhibits demonstrate compliance with FCC rules 47 CFR 15.247

Your efforts in reviewing this application are greatly appreciated.

Best Regards,

  
Jeffery Barnum

Vice President of Quality and Manufacturing
