To : TIMCO-TCB

Concerning the E4-RF-2 Product :

In the E4-RF product we integrated the cellular modem, in its original form.

The modem is integrated in to the PCB with no changes in the module.

We are using :

for 3G module - PH8-P FCCID - QIPPHS8-P

for 2G module - TC63I FCCID - QIPTC63I

Both modems are from the Cinterion Company and it is used according to manufacturer's recommendation.
