

March 6, 2018

To whom it may concern,

This is a statement of attestation of integrity in regard to the Zentri Wireless Radio Module AMW106. We currently use a Zentri AMW106 radio module in our Topaz instruments which we recently filed for a Class II change FCC ID - LSV-TOPAZ and Industry Canada ID - 20894-TOPAZ. This attestation is to confirm that there was no change in the design, its circuitry, or its construction and the original test results under review continue to be representative of and are applicable to this equipment.

Best Regards,

**Mark Schmidt**
