Subject: SAR Evaluation Exemption Compliance information

**FCC ID: LTQCV1134**

**Portable Exposure SAR Exemption**

$f_{\text{(GHz)}} = 0.000134192$

Maximum power = 0.0743 mW

**Per FCC KDB 447498 D01 RF Exposure v05r01 Clause 4.3.1**

A test separation distance of 5 mm has been applied to the SAR test exclusion calculation.

The output power is significantly less than the threshold obtained through calculations in KDB 447498 D01 Clause 4.3.1.a)-c).

Therefore, the device meets the FCC SAR exemption requirements.

Yours sincerely,

A handwritten signature in blue ink, consisting of a stylized 'N' followed by a series of horizontal strokes.
